# About Us

Raunak Electrovision, established in 1996, is a trusted supplier of high-quality electronic connectors. Over the years, we have earned recognition as a specialist in connectivity solutions, supplying reliable and certified products to industries worldwide.

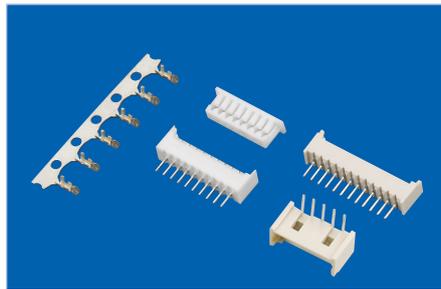

As part of our continued commitment to innovation and reliability, we proudly present ZX Connectors—engineered with precision, durability, and international standards at the forefront. Trusted by OEMs, EMS companies, and manufacturers, ZX Connectors are designed to power critical applications across industries.

Our products are widely used in consumer electronics, home appliances, automotive, industrial machinery, power & energy systems, and communication equipment. With more than two decades of expertise, we have built a reputation for delivering solutions that combine efficiency, safety, and long-term performance. By uniting our strong product portfolio with a customer-first approach, we ensure that every connection we provide through ZX Connectors supports progress and reliability.
